All Cadets

SUBJECT: Cadet Chain of Command When Assigned to Group or Wing Activities

1. All cadets are reminded that their squadron chain-of-command does not change when they are also assigned to a group or wing level position. Squadron commanders have the authority to disapprove assignments to such positions.
2. It is the responsibility of each cadet to advise his/her squadron commander as to the requested responsibilities at "other-than-squadron" activities.
3. Squadron commanders are encouraged to fully support cadets assigned to group and wing positions.
